Paris Literary People Celebrate Anniversary of Zola's Death—Dreyfus Affair Still Factor in Public Life.

BY J. CORNELIUS.

SPECIAL BY CABLE TO THE ST. LOUIS REPUBLIC AND THE NEW YORK HERALD. Paris, Oct. 1.—(Copyright, 1904.)—It had been hoped that the Marseilles strikers would end in the arbitration of the matter by a former president of the Tribunal of Commerce, M. Magnan. But, in spite of the promise they had made, the strikers refused to accept the judgment, and this refusal has caused a great scandal. People would have been less astonished if they had taken the trouble to recollect that similar occurrences have taken place during the last four years at Marseilles. Every year there has been a strike at the ports; every year an arbitrator has rendered judgment; and every year they have ended by accepting it, to begin striking again the next year. The periodicity taken from the present strike is alarming character. Besides, after refusing to accept the judgment, some of the laborers went back to work. The question of maritime registry has been thrashed out, and we can depend upon the resumption of work on Monday. The precautions taken by the Government

THE LIFE STRIKE

The Workings of the Human Body Crippled. DEATH TO MILLIONS.

Kidney Disease Is Sapping the Vigor of America's Manhood and Womanhood—Warner's Safe Cure the Only Certain Kidney Cure.

The kidneys are by all odds the most important organs of the human body. They virtually control all the other organs. Should they stop working for even a few hours, the blood would become so thick and clogged with uric acid and other waste matter that the most powerful heart would break down in the effort to force it through the veins. The strongest lungs would collapse trying to purify such poisonous blood. Without pure, rich, red blood there can be no health—no life. It is true some of us live for months with sick kidneys, but it is just waiting for them to get a little worse—they never cure themselves. Death is constantly hanging over us. It comes instantly to thousands; with backache, headache, rheumatism, sleeplessness, indigestion, etc., are certain signs of affected kidneys. Health, though, we can never know while the kidneys are out of order. There is but one medicine that's fit to do for the kidneys—only one remedy that will positively purify, strengthen and cure the kidneys without injury to the delicate tissues. It is Warner's Safe Cure, discovered over thirty years ago and used ever since by doctors in their families and practice, and in hospitals throughout the world. It cures when everything else fails, when you have given up hope and expect to die. The change for the better will come with the first few doses. All druggists sell it or can get it for you. Beware of cheap and medical impostors. Warner's Safe Cure Co., Rochester, N. Y.

ROYAL AND ANCIENT CLUB AMENDS RULES OF GOLF. SPECIAL BY CABLE TO THE ST. LOUIS REPUBLIC AND THE NEW YORK HERALD. London, Oct. 1.—(Copyright, 1904.)—Important alterations in the rules of golf have been adopted at the meeting of the Royal and Ancient Club at St. Andrews this week. The new reading of Rule No. 14 provides: "First—That if a ball lie or be lost in the water or in casual water in a hazard, the ball may be dropped in or as far behind the hazard as the player may please under penalty of one stroke. But if it be impossible, from a want of space in the hazard, to drop the ball in the hazard, the ball may be dropped in the water or on the bank as near as possible to where the ball lay, but not nearer to the hole, under penalty of one stroke. "Second—If the ball lie or be lost in casual water, though the green interfere with the player's stance, the player may drop the ball without penalty and within two club lengths from the margin directly behind the play where the ball lay, or nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Third—In dropping the ball behind the hazard as near as possible to where the ball lay, but not nearer to the hole, the player shall keep the ball in the hazard as near as possible to where the ball lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Fourth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Fifth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Sixth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Seventh—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Eighth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Ninth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Tenth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Eleventh—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Twelfth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Thirteenth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole. The penalty for a breach of this rule shall be loss of a hole. "Fourteenth—If the ball be dropped in the hazard, it shall be dropped as near as possible to the place where it lay, but not nearer to the hole.
